Space & Naval Warfare Systems Center Awards Contract

CHARLESTON — American Systems Engineering Corp., of Virginia Beach, Va., is being awarded an \$8,600,000 Indefinite Delivery/Indefinite Quantity Cost Plus Fixed Fee contract for technical and management support services in support of Navy/Joint Command and Control (C2) system requirements for Space and Naval Warfare Systems Center Charleston Detachment Norfolk, Code 60. The contractor is responsible for developing and providing the engineering technical services required to maintain, test, evaluate, repair and logistically support Command and Control (C2) Systems. The contract includes four options, which, if exercised, will bring the total estimated value of the contract to \$45,227,215. Work will be performed in Virginia Beach (65 percent) and North Charleston, S.C. (35 percent) and is expected to be completed by March 2004. Multiple sources of funding will be used and contract funds will not expire at the end of the current fiscal year. The contract was competitively procured through the SPAWAR Business Opportunities Electronic Commerce Website with two bids received. The Space & Naval Warfare Systems Command's Systems Center Charleston is the contracting activity (N65236-99-D-6801).
